Re: Q & A document regarding Archdiocese of Toronto & Covid-19 restrictions

I am attaching a document that you are welcome to share or utilize as appropriate with answers to frequently asked questions we have been receiving in recent days. I am including two versions – both the Microsoft Word and PDF versions in the event you wish to cut and paste responses for a bulletin or other communication tool.

I hope this is helpful in providing accurate information regarding the approach of the archdiocese during this period of pandemic. We are also monitoring announcements this afternoon from the Province of Ontario and will share additional information, if necessary.
