COVID-19 update - TPH notice

Dear Parents and Guardians,

Today, Toronto Public Health (TPH) has asked us to distribute the [attached letter](#) as a follow-up to their investigation into two recent positive COVID-19 cases at our school.

TPH has defined the two most recent cases at SMCS as an 'outbreak' as they have an epidemiological link at our school.

All communication and protocols have been completed and the students affected are doing well. We have had no further cases connected to this situation.

According to TPH, the final day of the declared outbreak is today, April 14, 2021. No further action is required.

Although it may be confusing to receive an outbreak communication the day before the outbreak ends, we are following the guidelines of TPH as requested.

Thank you for your continued support.

Sincerely,

Mr. James McKinnon
Principal
