

ST. MICHAEL'S COLLEGE SCHOOL

Under the direction of the Basilian Fathers

April 5, 2021

Dear Parents and Guardians,

This letter is to advise you that St. Michael's College School was notified on April 5 of a high-risk probable case of COVID-19 in Grade 11 Cohort A.

The student developed symptoms in the evening of March 31, 2021 and was present at school that day.

For precautionary reasons, all students and teachers within Grade 11, Cohort A are being asked to learn from home on Tuesday, April 6, 2021 as we await test results and further information from Toronto Public Health (TPH).

Although we understand that this news may be upsetting to many, St. Michael's College School expects positive COVID-19 cases to occur given the community spread and nature of the virus in Toronto. We are continually preparing and fine-tuning our response with each update and additional information provided by TPH. The health and safety of our students remain our top priorities and require the support of the entire community to engage in government directives. Thank you to all of our families for your continued adherence to our health and safety protocols.

In accordance with provincial requirements, once a positive case of COVID-19 is confirmed, the news will be posted to the COVID-19 advisory page on our school website.

On behalf of the SMCS community, our thoughts are with the ill student as we wish him a quick recovery.

Sincerely,

Mr. James McKinnon
Principal
